

Kedington Appoints Pre and Post Sales Technical Support Engineer

Kedington, Ireland's leading provider of structured cabling and networking solutions, today announces the appointment of Steven Keating to the position of pre and post sales technical support engineer for Kedington's Solutions Division. Steven will be responsible for Local Area Network, design, installation and Troubleshooting including secure converged wired and wireless networks. Steven holds a B.A., B.A.I. MIEI. in Computer and Electronic Engineering from Trinity College, Dublin.

Steven has several years experience in a similar role and he is a 3Com certified Voice and LAN specialist.

About Kedington

Kedington was founded in 1989 and was purchased by Denis O'Brien's Esat in 1999. In March 2003 an MBO, lead by Matt Porter and Colm Lyons was concluded taking the company back into private ownership. Matt and Colm managed to secure the entire Republic of Ireland operation, with offices in Dublin, Cork and Limerick, and kept the original management team together. Its customers have enjoyed a seamless change-over and continue to benefit from a huge wealth of expertise that still resides within the group.
